It's time to help. For a \$25 fee you can skip either your October, November or December '24 payment. Simply complete the form below and return it to your branch office along with your \$25 fee. We will extend your account for the month you choose and donate the \$25 to the Children's Miracle Network (CMN). Children's Miracle Network depends on funding from outside sources such as Great Plains in order to help children and families in need. CMN is dedicated to raising these funds, but they cannot do it without our help. So donate to a helpful cause today by deferring a payment. When you skip a payment your loan term is extended and interest will still accrue during this skipped period, but you will pay your payment on the next due date. Mortgage loans are not eligible for CMN payment deferrals. Loans that have had deferrals previously this year or have reached the maximum number of deferrals for the loan term are also ineligible.
